Vienna Ensemble Pro version 6.  
You can host up to 4 computers  
with 2GB of RAM each, plus you  
can add up to 8 computers at a time  
to increase production capacities.  
but where VEP6 lacks I'd say is the  
software itself does not force you  
to use presets for certain plugins,  
so as you as a VEP6 user come up  
with ideas and want to record  
them, you are. You can host up to 4
